

**CHSC6820 STUDENT LEARNING OBJECTIVES:**

- Demonstrate knowledge about and locate government and private foundation sources of grant funding.
- Critically evaluate a Request for Applications (RFA) or Request for Proposals (RFP) and follow the instructions contained therein.
- Gather data and other information from existing sources (national and local) about a target population and apply this information within the grant writing process.
- Demonstrate proficiency in writing pertinent sections of a proposal for a project grant.
- Develop a budget using Excel software and write a budget justification that is consistent with the proposal and with finding guidelines.
